Turning to beet juice and beer to address road salt danger

By MICHAEL CASEY Associated Press | JANUARY 29, 2018 — 3:45PM

FILE - In this Jan. 16, 2017 file photo, a city truck spreads salt on Q Street in Lincoln, Neb. Scientists are starting to raise concerns about road salt's impact on the environment, especially drinking water, because lakes and streams near road...

[More](#)

CONCORD, N.H. — Looking to strike a balance between ice-free roads and clean waterways, public works departments around the country are working to cut their salt use in winter by slathering the roadways with beet juice, molasses, and even beer waste to make them safer.
